

Proceedings of the Fourth International Conference on  
**Dynamical Systems and Differential Equations**

May 24–27, 2002, at University of North Carolina at Wilmington, USA. Participated were over 400 leading mathematicians and scientists. Supported by the National Science Foundation, the conference was truly a grand event with most of the active research areas in dynamical systems, differential equations, and their applications, represented by internationally known experts. Details can be viewed at <http://AIMsciences.org>.

The Proceedings is published as a Special Edition of the international journal *Discrete and Continuous Dynamical Systems* (ISSN 1078–0947), in which the reader will not only learn the recent development in the fields, but also see the trends of future research. All papers have been carefully reviewed to ensure the high quality. The proceedings contains approximately 1,000 pages in **two volumes**, with hard covers. Current subscribers of the journal will not receive these special volumes unless they choose to order them separately. **TO MAXIMIZE THE IMPACT AND READERSHIP OF YOUR CONTRIBUTED PAPER, PLEASE STRONGLY RECOMMEND THE TWO BOOKS TO YOUR LIBRARY.**

**Order Form of the Proceedings**

**Prices for each of the two volumes:** US \$69 for individuals and US \$189 for institutions. As a bonus to starting subscribing to the journal for 2003, **each new subscriber of the journal will get 50% discount and receive the Proceedings free of charge.**

Please enter our institutional or my personal order, of the Proceedings or the journal DCDS (US funds only: Check/International Money Order/Official Purchase Order Form enclosed). Specify if you need an invoice?
